Paper Offering

Digital Lizard offers one of the widest on-demand paper offerings of all digital printers in the marketplace. Currently our on-demand paper choices include 31 different paper stocks and weights. Digital Lizard relies primarily on Mohawk Fine Papers and Gummed Papers of America as our sources for paper. We have chosen Mohawk and GPA because of their ability to bring the widest selection of choices and absolute best product to our customers.

Green Initiative

Digital Lizard is committed in all ways to reducing our impact on the environment. We personally hold ourselves accountable to practice the highest standards of environmental stewardship. In our paper selection process, the choice of Mohawk was driven in large measure by Mohawk Paper's commitment to environmentally sound manufacturing processes. Mohawk leads the industry in utilizing 100% wind power in carbon-neutral production facilities.
